STRONGER PRACTICE HUB

Introduction to Gestalt Language Processing

Understand • Support • Empower

DATE

Tuesday
28th July

TIME

6.30 – 7.30pm

PRESENTER

Alice Hill

Join us for an engaging introduction to **Gestalt Language Processing (GLP)** – a neuro-affirming way of understanding how some children learn and use language.

This session will explore the core concepts of GLP and how it can support more effective communication and connection in everyday practice.

- ✓ What is Gestalt Language Processing?
- ✓ How it differs from other language development models
- ✓ Practical strategies to support children
- ✓ Q&A and sharing of experiences

BOOK YOUR PLACE

Reserve your spot via Eventbrite:

Healthy Routines: Less Screen Time More Play Time

Small changes. Big impact.

Join us for a practical and inspiring webinar exploring how reducing screentime and increasing play can support children's health, wellbeing and development.

Discover simple, effective strategies to build healthy routines that support children and families – wherever you are.

Healthy routines start with small choices – and play leads the way.

Friday
31st July 2026

8:30am –
10:00am

Becca Oberg

Join us live online
from the comfort
of your setting

In this webinar, we will explore:

- ✓ The impact of screentime on children's health and development
- ✓ The benefits of play for learning, wellbeing and connection
- ✓ Practical ideas to reduce screentime at home and in early years settings
- ✓ How to support families with positive routine changes
- ✓ Simple, low-cost ways to create more opportunities for play every day

“ Little moments of play,
big benefits for life. ”

Who is this for?

Early years practitioners and educators

Leaders and managers

Anyone supporting children and families to build healthy habits

Perfect for all settings and roles across the early years sector

Interactive Reading

Interactive Reading

Join us for this interactive webinar exploring how interactive reading can transform children's communication, language and early literacy.

About

Interactive reading offers a wealth of benefits for children's communication and language development, cognitive skills, early literacy outcomes and relationships with adults.

Through this course, educators will gain a greater understanding of how to support children's communication and language development through interactive reading. They will learn about the prompts which can be used during an interactive reading session and how to implement this approach in their setting.

Date & Time

Wednesday 5th August 2026

10am – 11am

Or

6–7pm

Presented by
Alex Gower-Jones

This session is suitable for childminders, early years practitioners and anyone working with babies and young children.
